Rajesh Bika

Age : 15 years old

Namaste

My name is Rajesh Bika. I am 15 years old. I study in grade 9. I am so happy. I think that I am so lucky to get this chance. If I was not entered in this organization, then I would not able to get this service of education. When I start to read from this organization, I was just 2 class passed, but now I read in grade 9.

Here everybody are happy by this organization. If this organization was not opened then, I would have not chance to read because my mother cannot provide these facilities.

After complete my school, I want to again study for my future, but if you help me then I hope it is easy for me. I am very interested in playing football. I want to be great and wise person in my life. If you help me in my further studies then I have my own aim. My aim is to be engineer.

By getting your help, love and affection, I forget my pain. Every people (orphan, poor children) are succeeding in their life.

So, here everything is going well, you shouldn't worried about here.

Sirjana

My name is Sirjana. I study in class six. My roll no is one. My school name is Shree Laxmi Secondary School. I lives in Gaikhur five, Gorkha Gandaki Zone. My aim is to be a doctor and help for poor people. My fathar was dead and my mother gave us birth. My mother works very hard to sent to school my sisters. There are five members in my family. My father died and my younger and older sister didn't get an opportunitie to read and write. My sisters had married in an early age. They are working in field instead of reading.

After the death of my father, I had got lots of problems. My mother worked very hard for us. I stayed in this hostel. In my home, there are mother and two sisters. Three sisters had married and stay in their own home. Due to lack of education, my parents couldn't provide education facilities due to more children of my family.

By the bad works of my father, we were facing problems in our family. [...] Due to blind belief (superstation) my father always discriminated to the girls. My father discriminated to me because I am a girl but I will show to my society or nation that girls can also which boys can do. Boys and girls are two sides of the same coin. So, there should not be any discrimination between boys and girls. To avoid this social problem there is need of education.

I fill so easy and excited to sit in this hostel. I want to thank to all members of Thanaka hostel to help orphan child like me. By writing this much. I want to stop my writing.

Thank you !
